

2020 OMAA/OML WEBINAR: THE NEED FOR CONNECTIVITY, STEPS FOR ACCESS, AND BEST PRACTICES FOR LOCAL BROADBAND EXPANSION

Wednesday, July 15, 2020 – 11:00 a.m. – 12:00 noon

COST: \$125 PER REGISTRANT – (There is no CLE credit for these webinars.)

PROGRAM OVERVIEW:

This webinar will provide participants with an overview of the impact that emerging technologies will have, and already are having, on broadband needs within Ohio's communities. Participants will learn about the various approaches to expanding broadband access – including privately owned networks, publicly owned networks, and public-private partnership approaches – and how to assess which approach best accommodates community needs and capabilities. Rights-of-way issues and permitting processes will also be explored. This webinar will also address federal and state programs to help fund local broadband initiatives.

PRESENTER: Gregory Dunn, Ice Miller LLP & Lindsay Miller, Ice Miller LLP

Greg Dunn has represented telecommunication clients for more than 40 years, providing legal and strategic assistance to a variety of private and public clients. Greg has a comprehensive knowledge of both public utility and broadband issues and regularly works with clients on Smart City initiatives and public-private partnerships. His clients include municipalities, The Ohio State Supercomputer Center, competitive local exchange carriers (CLEC), data centers and wireless providers. He also consults on state of Ohio broadband and Internet of Things (IoT) public policy issues with Ice Miller Whiteboard LLC and has Public Utilities Commission of Ohio (PUCO) experience in electric issues.

TO REGISTER: Please complete the registration form in the link below.

July 15 webinar:
