

Act now! Enrollment deadline for some BWC programs is Oct. 31

Don't miss your chance to save as much as 20 percent on workers' comp premiums

Public employer taxing districts have until Oct. 31 to sign up for some of BWC's Destination: Excellence program options. Destination: Excellence is a portfolio of programs that rewards employers for keeping their workplace safe and getting injured workers healthy and back to work sooner.

BWC designed Destination: Excellence to help employers save money on their workers' comp premiums, create a safer work environment and assist injured workers in their recovery.

Between now and the **Oct. 31 deadline**, public employer taxing districts can enroll in the Industry-Specific Safety Program, Drug-Free Safety Program and the Transitional Work Bonus Program.

These programs have only one open enrollment period for the 2014 policy year. If you miss the deadline, you will need to wait a year to enroll.

Act Now! Verify your [eligibility](#) and learn about the programs by using one of the following methods:

- Download our [Destination: Excellence Enrollment Guide](#);
- Visit our [Destination: Excellence Web page](#);
- Call your [local BWC customer service office](#) and request assistance from an employer services specialist.
